Reply to Office Action dated 12/8/2005

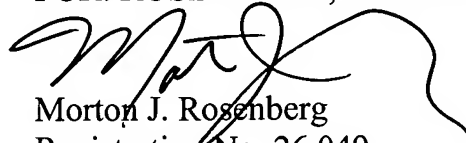

Remarks/Arguments

This case has been reviewed and analyzed in view of the Official Action dated 8 December 2005. In the Official Action, the Examiner has found four inventions, namely, Group I directed to Figure 1; Group II directed to Figure 4; Group III directed to Figure 5; and Group IV directed to Figure 6. The Examiner has required that Applicant choose one Group for further prosecution in this case.

By this Amendment and Response, Applicant elects Group II directed to Fig. 4 for further prosecution. Applicant further believes that amended Claim 1 and 3 reads on Group II.

It is now believed that the subject patent application has been placed in condition for examination and such action is respectfully requested.

Respectfully submitted,
